Plan ahead for a safe July holiday

Fairfield, California (Friday, April 8, 2016)—To ensure everyone's safety, as well as an enjoyable celebration for all, the City of Fairfield asks that you plan to enjoy fireworks responsibly by attending a public display with friends and family.

The City encourages the community to celebrate safely and adhere to our zero-tolerance fireworks regulations. Fairfield will be increasing Police and Fire staffing in the days surrounding July 4th, with a dedicated team of proactive officers responding to related calls concerning fireworks, parties, and disturbances.

The recreational use/civilian use of fireworks often results in personal injury, emergency room visits, and extensive property damage. Citations can be given to any citizen found making, buying, selling, or using fireworks.

This summer we want to celebrate safely, especially in light of the continued California drought. Let's leave it to the professionals, sit back, relax, and enjoy the show!

Visit the City's website at www.fairfield.ca.gov as the holiday approaches for a list of regional fireworks shows and displays for your enjoyment.
